## Bud Extra

### “Beer with Something Extra”

<b>Introduced:</b>	2005
<b>Beer Category/Style:</b>	High End – Specialty beer/fruit beer/caffeinated malt beverage.
<b>Taste Profile:</b>	A complex, yet well-balanced taste with notes of blackberry, raspberry and cherry. Unique flavor offers a slightly sweet and tart taste.
<b>Ingredients/Brewing:</b>	Brewed with barley, malt, hops, water and select cereal grains, fermented with Anheuser-Busch’s proprietary yeast strain and slowly matured at cold temperatures. When fully mature, it is then infused with caffeine, guarana (a Brazilian caffeine-bearing berry), ginseng and natural flavors.
<b>Interesting Facts:</b>	Guarana (pronounced gwa-ra-naa) is a berry found in Venezuela and the northern parts of Brazil that contains caffeine.
