

Michelob Honey Lager

Introduced:	1997
Beer Category/Style:	High End – Specialty honey lager.
Taste Profile:	Medium-full bodied, naturally sweet and uniquely soft with a balanced floral character, caramel and malt notes and a touch of honey.
Ingredients/Brewing:	Brewed using the finest two-row and caramel barley malts, a blend of aromatic European imported hops, and a touch of natural wildflower honey to enhance the naturally round, malty and slightly sweet flavor of the beer.
Interesting Facts:	The balanced, floral character of Michelob Honey Lager complements soups and sandwiches.
